

1+1 Row 4-Seat Electric Golf Sightseeing Vehicle Configuration Sheet

Model	4-Seat Golf Sightseeing Vehicle	
Color	Customized According to Customer Requirements	
Curb Weight (kg)	≤580	
Maximum Load (kg)	700	
Overall Dimensions (mm) Length × Width × Height	2950*1350*2050	
Rated Passenger Capacity (persons)	4	
Wheelbase (mm)	1680	
Track Width (Front/Rear mm)	970/1035	
Battery Capacity (AH)	100AH	
Rated Voltage (V)	72V	
Controller	Domestic Well-Known Brand Yingboer Controller	
Drive Motor Power (kW)	Brand Depuda 3.5 kW Motor	
Max Speed (km/h)	≤35	
Braking distance (m)	≤5	
Min turning radius (m)	≤6	
Max driving range (km)	Approximately 80-90	
Min ground clearance (mm)	150	
Max climbing capacity	20%	
Body panels	Injection-molded shell/ABS engineering plastic molded components	
Seats	Front bench seat, rear foldable flip seat (leather fabric+high-resilience PU , stitching automotive seat stitching)	
Frame	Golf-specific chassis, steel structural frame	
Instrument panel	9-inch high-definition large LCD instrument panel, with reversing camera, Bluetooth connectivity, speed, battery level, lighting indicators Light Display	
Rearview Mirror	Manual exterior rearview mirror with turn signal functionality on both inner and outer sides of the mirror	
Steering	Polyurethane foam steering wheel + rack and pinion steering system with automatic backlash compensation, equipped with mechanical power assist	
Braking	Rear wheel drum hydraulic brakes, dual-circuit hydraulic braking system, parking brake	
Suspension	Front suspension: MacPherson independent suspension with hydraulic dual shock-absorbing springs	
Drive Mode	Direct Drive	
Rear Axle	Integral rear axle+high-strength leaf springs +cylindrical hydraulic shock absorbers	

Tires/Wheels	14 inch off-road deep tread tubeless tires with bumper
Lighting	LED ombined front lights, turn signals, combined rear tail lights, brake lights, electric horn
Others	DC-DC converter, reversing buzzer, speaker
Configuration (Price)	72V 3.5 W motor, 100A lithium battery, onboard charger

After-sales service: 1 , full vehicle one-year free warranty (battery issues within one year are replaced free of charge). 2 , free vehicle body LOGO customization and application (customer provides high-resolution LOGO image).
